## Put an end to messy basting when cooking outdoors!

*This basting pot and brush combo is the dream of every outdoor chef. Now anyone can cook safely and cleanly when applying marinades or sauces to cooking meat.*

- Stainless steel construction assures safety from heat and makes for easy cleaning.
- The soft silicone brush is built right into the top of the pot where the metal lid and long handle protect hands from high temperatures while basting. And because the brush is made of pliable non-stick silicone, there is no shedding or scrubbing involved during clean-up.
- Dishwasher safe.
- At nearly 5" tall and 3¾" in diameter, this large basting pot holds up to 20 ounces of marinade.
- Airtight construction allows for insulation and protection during cooking, and sauces can be stored in the refrigerator for later use.
