

Stainless Steel Grill Light Model # GL-05

INSTALLING / REPLACING BATTERIES:

1. Remove the battery door by opening the battery cover (see Fig. 1) and replace the old batteries with three (3) new 1.5V AAA heavy-duty (carbon-zinc) batteries.
2. Make sure the batteries are oriented correctly on the positive & negative terminals.
3. Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.

INSTALLING GRILL LIGHT:

1. Do not position the Grill Light above fire or any cooking surface.
2. If your grill has a side burner: You must mount the light on the side of your grill opposite the side burner.
If your grill does not have a side burner: You may mount the light on either side of your grill.
3. The light has a gooseneck design which allows you to position the light wherever you desire.

USE AND CARE:

1. Store Grill Light indoors when not in use.
2. Grill Light can be cleaned by gently wiping with a damp towel. DO NOT IMMERSE IN WATER.
3. Remove batteries if Grill Light is to be unused for two weeks or more, since batteries could leak and damage the grill Light.
4. Do not incinerate, compact, or disassemble batteries.
5. Recycle old batteries whenever possible. If recycling is unavailable in your area, dispose of old batteries in accordance with local regulations.
6. Turn On or Turn Off the unit by top switch of unit.
